

# THE NEWSLETTER OF LOYOLA COLLEGE

Available online: [www.loyola.vic.edu.au](http://www.loyola.vic.edu.au)

1430 Friday 04 September 2020

Dear Members of the Loyola College Community,

Life at the College continues to be very quiet with the majority of students and teachers working from home. We have been able to celebrate some special weeks in a different manner this year and I commend the staff who have been creative in their approach during this period of remote learning.

### **ACS Public Speaking and ACS Chess Competitions**

In the last fortnight Loyola students represented the College in these two events which took place virtually. I thank Ms Bell, Head of Public Speaking and Debating who organised our students for ACS Public Speaking and Mr McDonnell who organised the ACS Chess participants. I thank the students for their willingness to participate in these two competitions representing Loyola.

### **Science Week and Sustainability Week**

Recently we have celebrated both the above weeks with a range of online activities to engage students and staff. Much thought went into how students might be engaged online in the two important and related areas of Science and Sustainability. I commend Mr Lee, Head of Science and Ms Mezner, Sustainability Coordinator for their great work in enabling these weeks to proceed.

### **Fathers' Day**

This coming weekend we celebrate Father's Day. Much has been said in recent times about the changing roles of fathers in family life. The understanding around the role of men and women in the family unit has evolved over time with both playing a more balanced role in raising children. Dads have been encouraged to spend more time with their children, often difficult to do if they are the primary income earner in the household. This coming weekend let us remember and honour all fathers past and present who have loved their families in whatever way known to them. May the fathers of today draw from the example of St Joseph who cared for, protected, and loved Jesus and Mary. We know little about St Joseph from the scriptures other than we know that he was always there for the Holy Family when it counted. A great guide for all fathers! Happy Father's Day to all the dads.

As we approach the final weeks of this challenging term, I wish to stress the importance to all students of remaining focused right until the end of this term. For the Year 12s in particular regardless of whether they are following the VCAL or VCE pathway, they only have a few weeks of classes remaining and need to step up the study focus to ensure that they benefit as much as possible from their classes before final assessments and or examinations commence in November.

**Head, Heart and Hands**  
*Celebrating 40 years of Ignatian Education*

This no doubt has been a year like no other but as a staff we are committed to supporting our Year 12s and all students in achieving their academic goals for 2020.

I hope the remaining weeks of this term will be productive for all.

Joseph Favrin  
Principal

## **LETTER FROM THE CHAIRPERSON OF THE LOYOLA COLLEGE BOARD - DONNA MCMAHON**

Dear Teachers and staff of Loyola College,

This our 40<sup>th</sup> year of celebration has been a year of challenge, uncertainty and a different way of life that has been unprecedented in our lifetime.

This year the Loyola College staff as a team has in a matter of days gone from face to face teaching to virtual learning. We can only imagine the number of hours the team has put in to ensure the transition occurred with little disruption for our students.

A College that prides itself on face to face contact, family involvement and community spirit had to look for innovative ways to keep that spirit alive. You managed to do this with professionalism and at an extremely high standard.

Virtual College Tours, Mentor meetings, online classes, parent/teacher/student interviews, subject selection meetings and interviews. Committee meetings via Teams and Zoom. College music concerts and interviews on YouTube. Overnight the Loyola team managed to recreate that College community and spirit with the tools available to them. This would have only happened in a school that was dedicated and committed to their students. We can only imagine the enormous amount of work that went on behind the scenes.

For many of us the Loyola team has become our beacon, shining a light to normality through this very confusing and confronting time.

Please know that we appreciate and acknowledge the enormous amount of time and effort you have all put into ensuring our students wellbeing and education continued. The plans you put in place to ensure students could safely come to school. The proactive plans you put into place to ensure the financial uncertainty families face would not affect their child's attendance. The endless phone calls the administration staff faced each day. To the Gardeners who ensure that Loyola would stand tall and proud, a visual comfort for all. Our new Loyola mail officers, and those who took on other roles to ensure Loyola ran smoothly. You have all done an amazing job under extremely stressful conditions. We thank you.

Please know that the parents of Loyola thank you for ensuring their children's education, not only continued, but did so in an extremely well organised and professional manner.

Parents thank you for offering their children a safe and familiar place to be. For looking out for their child's wellbeing. The students thank you for being there, for offering them a sense of normality, for checking in on them, even when they would not turn on their camera, or they turned up to class in their PJ's, or suddenly, the camera and microphone did not work because they lost internet. They did that because they knew they could rely on you being there, and in a way, it was the student's way of taking back some control of their life.

We thank you for learning new skills, for adapting to online learning, and for doing so even though you may have been feeling uncertain and uncomfortable with the changes occurring. You have done an amazing job.

Never underestimate the important role you play in our students' family and community lives. You, every one of the Loyola College staff, have made an enormous difference. One that you should all be proud of.

Finally, we thank you for being brave. It is not easy working with students and families who may not understand the risk of not physical distancing.

On behalf of the Loyola College Board I would like to thank you for your continued dedication and support for Loyola and its community. As Board members we are proud to be associated with a dedicated professional team. Please be as proud of yourself as we are of you.

Thankyou.

Take care and stay safe.

Donna McMahon

Chairperson of the Loyola College Board

## FROM DIRECTOR OF COLLEGE & COMMUNITY ENGAGEMENT

**Mr Michael O'Keeffe**  
Direct Line: 9433 0250

### Scholarships

The Loyola College community encourages all students to adopt a holistic approach to all dimensions of their education, including involvement in the classroom curriculum, the co-curriculum program and community activities. To support students in this approach, we have implemented a Scholarship Program. The Scholarship Program recognises and acknowledges students who take responsibility for, and are proactive, in the development of their own education.

Scholarships are awarded to the value of \$1,000 as a deduction from school fees in the following years.

Scholarships are available in the areas of: Academic, Co-Curriculum and Community Spirit.

All students currently in Year 8-11 are eligible to apply and can find the guidelines and selection criteria [here](#).

Scholarship applications **close on Friday, 18 September 2020**.

### Walk for Others

What an amazing effort by our community. Even though many of our families are doing it tough, and we don't know what the walk is going to look like, our students have now raised over \$17,000 for our House Charites. It's not too late to get involved. Visit <https://2020loyolawalk.raisely.com/> to sign up or make a donation.

## FROM DEPUTY PRINCIPAL IGNATIAN MISSION & IDENTITY

**Mr Christopher Lynch**  
Direct Line: 9433 0227

### Fathers' Day

During COVID, like many people my wife and I are using the time to do long-put off jobs around the house - one of which was painting our lounge room. We have a large dining room table which seats 12 and as we shifted it back into position, I remarked to my wife how many happy families gatherings we have had over the years around this table – all the birthdays, Easter and Christmas dinners, themed parties etc. This Fathers' Day, we won't be able to gather around the table but hopefully we might have a 'zoom dinner' where we can still be together and appreciate being part of a family. Fathers don't usually seek recognition. What they really value is seeing their children developing as fine young men and women. Fathers' greatest influence on their children's lives is authentically modelling the values of respect, resilience and genuinely loving others, especially their partners and children.

In many cultures, both ancient and more recent, there are numerous examples of fathers being honoured. 4000 years ago, a young Babylonian boy Elemsu, carved a clay tablet greeting that wished his father good health and a long life. Catholics celebrate the Feast of St Joseph, the father of Jesus, on June 19th.

This year marks the 110<sup>th</sup> anniversary of western society's recognition of the day. Its modern origin is usually credited to a couple of events: a memorial service for 210 miners lost in an early 20<sup>th</sup> Century West Virginian mining disaster and the efforts of Ms Sonora Louise Smart from Spokane, Washington who, in 1909, started to promote the idea of having a day to honour fathers. Her mother had died when Sonora was 16 and her father had to raise six children, including a newborn, by himself. It was his example of hard work and selfless family love that inspired her. Sonora's minister and the local YMCA supported her and the day became quite popular in the USA, eventually receiving government recognition.

In 1956/57 the Victorian Fathers Day Council instigated the Victorian Father of the Year Award and at the same time the David Jones retail chain held an Australian Father of the Year Dinner to raise money for charity. The promotion of the day also assisted in marketing Fathers' Day products.

HOUSE LEADERBOARD		
	Mannix	\$3,516
	Chisholm	\$3,034
	McAuley	\$2,984
	Xavier	\$2,853
	Flynn	\$2,698
	MacKillop	\$1,747

Today, the nomination process of the Victorian award involves children nominating their dads for a local Community Father of the Year. This idea captures the essence of the personal nature of the day. It's a chance for children to thank their fathers for the love they share with them and for both to reflect on the relationship.

Fatherhood is something that men grow into. What it most needs to be effective is for the man to spend time with his children and show a genuine interest in their lives.

For children too there is a responsibility. The fourth commandment is the only one dealing with human relationships that contains a promise.

*Honour your father and your mother, as the Lord your God commanded you, so that your days may be long and that it may go well with you in the land that the Lord your God is giving you. – Deut 5:16*

Perhaps the advice the Lord is giving us may mean that those that respect their parents learn about how to relate successfully to others and these lessons can lead to better relationships and happiness later in life.

At Loyola, we have a Father-Daughter and Father-Son breakfast and liturgy on alternate years. We can't do that this year because of COVID-19 related restrictions. Never-the-less, it is still timely to remember our fathers and reflect on the qualities that build family life.

[McAuley Captains Sustainability Week Examen](#)

[Year 9 LSC Representatives and staff Fathers' Day Examen](#)

### FROM DEPUTY PRINCIPAL TEACHING AND LEARNING

**Ms Suzanne Pola**  
Direct Line: 9433 0233

### Year 10, 11 and 12 Subject Specific Conversations

Thank you to all parents/guardians and students who attended the recent Year 10, 11 and 12 Subject Specific Conversations. We wish our students, both VCE and VCAL, the best as they all work towards their final assessments and exams.

### Immediate S for Units 1- 4 SAC's

Students will receive an immediate S for a SAC when they have demonstrated the following:

- Produce work that demonstrates achievement of the outcomes
- Submit work that is clearly their own
- Observe the rules of the Victorian Curriculum and Assessment Authority (VCAA) and the school. (School rules may include for example Attendance or Submission of Work policies)

If any or all of these are not satisfied at the time of the SAC/SAT a student can be awarded a 'Provisional N'.

Students can always redeem an S for the SAC/SAT in various ways. To be awarded an S, students will need to consult with their Subject Teacher about the best way to proceed.

### Year 7 - 9 Mentor Academic Conversation

The Year 7 – 9 Mentor Academic Conversations will be held on October 8. We encourage all parents and guardians to make an interview time, as this will be the final formal opportunity to discuss how your child is travelling, with reference to remote/online learning, and how to prepare for the final assessments and examinations. Please be aware that this round of reports will be available online prior to the interviews.

### Unit 4 Trial Examinations

At this stage Loyola College is planning to run Unit 4 trial exams during the term 3 break. Details will be forwarded at a later date.

## Celebrating academic success at Loyola College

At Loyola College we very much enjoy celebrating student academic success. Our Vision and Mission statement states that we 'seek the education of the whole person and strive to ensure that each student achieves his or her unique potential'. Unfortunately, there were some names missing from our list so attached is the updated list.

Year 7

## FROM HEAD OF SCIENCE

**Mr Mathew Lee**  
Direct Line: 9433 0235

### Science Week

Science Week required a very different approach this year due to the restrictions in place but provided an opportunity for students, staff, and families to explore the different fields of science from the comforts of home.

Throughout the week, activities related to each of the four fields of science were sent to students and staff which could be done at home at the start of each day, including simple [concentration](#) tests from Psychology, an [aluminium foil boat challenge](#) from Physics, a recipe for [homemade ice cream](#) from Chemistry and a series of [balance challenges](#) from Biology.

A big congratulations to Maya Ilievski, Theresa Quinn and Ciaran Dempsey for their winning submissions for the #stuckathomescience competition. I would also like to thank Caden Murray for recording the Science Week assembly video and the wonderful Science staff for helping put the activities together.

*Aluminium Boat by Ciaran Dempsey (7 KMLE)*

To view Maya Ilievski and Theresa Quinn's Ice Cream experiment please view the following [video](#).

### Quote from Theresa Quinn (7 AJWP):

"Completing the Science Week activities was really fun especially because I did it with my best friend that I have been with since prep. It was such a great way to socialist with others. I really enjoyed Science Week, it was awesome!"

## FROM ICT MANAGER

**Mr Victor Dalla-Vecchia**  
**Direct Line: 9433 0258**

### **ICT News: Don't get your back up – save yourself the trouble!**

There is nothing worse than losing your work on the computer, perhaps after unexpectedly running out of battery power or after spilling fluid over the keyboard and causing the electronics to short circuit! The best way to minimise the inevitable subsequent pain after losing data is to adopt a regular (ie at least once a week) backup regime. That way, most, if not all the lost data can be restored and all the backing up time and effort will not have been for naught.

### **For iPads:**

A. There are two methods to back up iPad data:

1. Copying iPad data wirelessly to the iCloud

This method allows the data to travel with you wherever you go, as long as you have Internet:

- a. Launch the 'Settings' app
- b. Tap on one's name, then tap on iCloud
- c. Switch on iCloud Drive if it is not already
- d. Tap on iCloud Backup. It might be necessary to sign in with one's iCloud email and password
- e. Tap 'Back Up Now'

2. Syncing iPad data via USB cable to iTunes on a computer

This method is faster and it allows the files to be accessed and if necessary manipulated offline via the computer at a later stage:

- a. Open up iTunes on a computer
- b. Connect the iPad to the computer via a 'USB to Lightning' cable
- c. Once connected, select the device under 'Devices' and at the top of the menu bar highlight the word 'Apps'
- d. Tick the 'Sync Apps' option and select the apps that need to be synced with iTunes
- e. At the bottom right select 'Sync'.
- f. Once syncing is completed it is advisable to backup all iPad apps via iTunes, too. If the File menu does not appear whilst on iTunes hit the 'Alt' key on the keyboard, select File then 'Devices and Backup'.
- g. Click Summary at the top of the interface and click the radio button next to 'This computer' in the Backups section. Then click the 'Back Up Now' button
- h. Select 'Back Up Apps'

### **B. For Windows/MacOS devices:**

1. Copy files to a USB storage device
2. Copy files to a drive on the local (home/school) network
3. Copy files to the school's Cloud storage (ie One Drive), eg the school provides each student with 1Tb worth of storage as part of its Office 365 licence.

It is also prudent at least once a year to do some housekeeping on old backup data that is not needed anymore. Space does eventually fill up and the best time to clear out old files is probably not when time is short and stress levels are high.

So, don't let the bad bytes bite. Plan ahead, save, and stress less!

## FROM LIBRARIAN

**Mrs Alida Galati**  
**Direct Line: 9433 0749**

### **Reading Challenges and the Loyola Courier Service**

Year 7-9 students, parents/guardians are reminded that the Library reading challenges are still running while we are in remote learning. Though the library cannot be physically accessed, students can be reading books from home, as well as accessing 'Wheelers' – the library's eBook & AudioBook database.

Furthermore, students can place reservations on our books using the Library catalogue, and we will arrange for them to be delivered

using the Loyola Courier Service. To facilitate a quick turnaround, it is advised that students place reservations on books that state they are 'on shelf.'

### **RFP: Reading For Pleasure - reading challenges**

Reading is an expectation at Loyola College, and our YR 7-9 students are fortunate to have fortnightly timetabled classes in the library, where they can explore our fiction and non-fiction collections and choose books that match their interests – and even try out new genres that they may not be familiar with. To this end, we have a variety of reading challenges that are lots of fun, with rewards and prizes that can be earned along the way.

Normally, a book is registered with us via a book conversation. While we are in remote learning students can register their reading by completing book reviews and submitting them to their class librarian. Students and parents/guardians can see their challenge progress by looking at their ePortfolio > Reading For Pleasure page on the LMS.

### **Year 7: GRC: Genre Reading Challenge**

Students read books across all the genres in the library collection, earning rewards along the way - Bronze (4 books), Silver (8), Gold (12). After reading a book, students have a conversation with a librarian (or submit a book review) and their 'GRC Passport' is signed off.

**Challenge ends:** 30 October

More information: <https://schoolbox.loyola.vic.edu.au/homepage/29336>

### **Year 8: Million Words Challenge**

Full class challenge.

All students in the class must read a minimum of 2 books each, chosen from the library collection. The class must reach a total of at least one million words. After reading a book, students have a conversation with a librarian (or submit a book review) and their class word count is updated. The winning class will have read the most words and where all students have read at least 2 books each. The winning class wins a pizza lunch.

**Challenge ends:** 30 October

More information: <https://schoolbox.loyola.vic.edu.au/homepage/27111>

### **Years 9: Book Bingo Challenge**

The aim is to read widely across a variety of categories listed on a 'Bingo Sheet.' Books are verified after having a conversation with a librarian (or submitting a book review). Students who read a minimum of 4 books (out of a maximum of 9 categories) win a prize.

**Challenge ends:** 30 October

More information: <https://schoolbox.loyola.vic.edu.au/homepage/34010>

Reading is a great habit to build and needs to be undertaken regularly - and its benefits can be seen across all subject areas. We encourage all parents/guardians to check-in with their children to see how their reading is going. And, a book conversation is a fabulous way to interact with each other.

Happy reading!

### **FROM WELLBEING & PERSONAL DEVELOPMENT COORDINATOR**

**Mr Sal Valentino**  
**Direct Line: 9433 0787**

### **Positively Ignatian**

The coronavirus outbreak is fundamentally changing our day-to-day lives and the way we're connecting with one another.

In this video, Ben Crowe - mindset coach and director of Mojo Crowe - explores the challenges people face when they are confronted with events that are out of their control. He helps us understand how we can find perspective, adapt and grow through adversity.

Bens philosophies are shaped by the work he does with governments, professional coaches/athletes including Andre Agassi and Ash Barty, business leaders and global corporations.

## Wellbeing Resources

With so many resources available on the internet, at times it can seem an overwhelming task to obtain honest, accurate and evidence based information concerning you and your families wellbeing. One such resource that we promote at Loyola is Schooltv.me. This resource is packed with current topics that can be read or watched in the form of short to the point videos. You can find a link to Schooltv.me on the front page of our [school website](#).

Another excellent resource that I would like to highlight to help you and your child's wellbeing is ['Reachout.com'](#)

ReachOut is one of Australia's leading online mental health organisation's for young people and their parents. Their practical support, tools and tips help young people get through anything from everyday issues to tough times.

ReachOut has been changing the way people access help since launching as the world's first online mental health service more than 20 years ago. Everything they create is based on the latest evidence and designed with experts, and young people or their parents. Their digital self-help tools are trusted, relevant and easy to use.

Available for free anytime and pretty much anywhere, ReachOut is accessed by 1.58 million Australian's each year.

If your child is struggling in any way please reach out to their teachers, mentors or Heads of Houses

## Virtual College Tours & Onsite Campus Tours

Thursday, 10 September - Virtual Tour – 4:00pm

To book and view our Virtual tour, please visit website – [www.loyola.vic.edu.au/bookatour](http://www.loyola.vic.edu.au/bookatour)

## Year 7, 2022 Enrolment Applications

A friendly reminder that enrolment applications are due for current Grade 5 students wishing to enrol into Year 7, 2022 are due on Friday, 09 October, 2020. Enrolment applications can be found on our website or please feel free to pick one up from Reception.

## LPFA MS Teams Meeting – 26<sup>th</sup> August

This was our third LPFA meeting to be held remotely. It was once again so great to see so many members in attendance. A true reflection of the wonderful sense of Community and the willingness to stay connected through this very challenging and isolated times. Remaining positive and looking forward to holding events in 2021 is an important mindset held by the LPFA.

## LPFA / FOFA Online Wine Fundraiser – Flyer elsewhere in this newsletter

Our sales continue as we now have over \$7,000 in sales. Not only is wine a good thing for some to assist getting through lockdown, they also make a wonderful gift. There are 7 different types of wine that can be ordered through Prospect Wines. Orders can be made on line and processed in lots of 6. Delivery is within 7 working days and come to your front door. The bottles range in price from \$13 - \$16. A very beautiful Loyola label accompanies each bottle commemorating our 40<sup>th</sup> Anniversary.

All money raised will be distributed to LPFA and FOFA to purchase goods for the Loyola Community.

[Click here to see your online order page.](#)

## 2020 PWP Meetings

PWP Monday (evenings) Meetings –12 October

## 2020 LPFA Meetings

LPFA Meetings Wednesday evenings - 07 October, 11 November (AGM)

## Donation of Loyola Uniform

If you have any Loyola uniform items that you no longer require, please leave them at Reception. They are great to have for families in need, student accidents and our Exchange students.

# WINE ALL YOU WANT!

---

FOPA & LPFA have joined with Prospect Wines to offer an exquisite selection of wines, to help raise funds for Loyola, and to celebrate the College's 40th Anniversary.

All bottles come with a Loyola College 40th Anniversary specially designed label.

WINE STARTS FROM AS LITTLE AS \$13.  
TO PURCHASE PLEASE [CLICK HERE](#)

## ENROLMENT

Limited places available for Year 7 2021.  
Enrolment applications for Year 7 2022  
closing 9 October 2020.
